

AFTER – SCHOOL PROGRAM FOR STUDENTS
of Royal School in Transylvania

BE HAPPY ART STUDIO with its team of professors and young passionate trainers of pedagogic and teaching methods, is here to promote a new after-school program: Creativity, personal development and relaxation workshops for the extended school program in the afternoon. Schedule: 16.00-18.00 daily. Groups of work: 10 students.

MONDAY

Handcraft Wool Needle Felting

We joyfully create interesting and new objects, using only wool as basic material. Wool is a special, natural material that can be crafted using specific techniques such as needle felting (wool needle felting). Through this interesting technique we can make different objects, funny toys, or jewelry. Be Happy Art Studio trainers will stimulate your knowledge, skills and creativity.

TUESDAY

Developing Pupils' Creative Potential during "Practical Skills" Classes

Exploring self artistic expression and skills with the main purpose of improving intuition, emotional intelligence and self confidence. Trainer: Plastic Artist and Self Development Guidance Counselor: Camelia Moritz

WEDNESDAY

Handcraft Wool Felt Painting Workshop

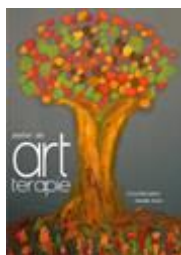

Wool Felt Painting, is a secondary technique in which we can use bigger wool surfaces to create pictures or paintings. These can be also transformed into different accesories such as : wallet, small bags, gloves, etc. This is an interactive, joyfull, creative and experimental workshop.

THURSDAY

Art Therapy – through plastic and visual arts

Self-knowledge, self-fulfillment, relaxation, stress and tensions' release exploration.
Objectives: improving focus, study performance and time planning management skills.
Trainer: Plastic Artist and Self Development Guidance Counselor Camelia Moritz .

FRIDAY

Handcraft – Crochet and Knitting techniques and skills.

Friendship Bracelets

We will use wool and cotton yarns. More than some new amazing objects, the students will learn that perseverance and patience are so much needed to accomplish any kind of good work. Friendship bracelets can be made by cotton, wool yarn, or leather yarns. Starting with simple bindings and passing to complex knits and knots, students will learn to create small jewelry for their loved ones. This workshops are going to develop estetic sense, creativity, persevece, patience, fine handcraft skills, precision, new neural connections, social abilities and emotional intelligence.
